

EDIFICA 2010 AND EXPOHORMIGÓN 2010 TRADE FAIR

From 12th to 15th May took place the trade fair EDIFICA 2010 AND EXPOHORMIGÓN 2010 at Santiago de Chile, managed by ICH (Chile's Cement and Concrete Institute) and sponsored by MOP (Chile's public works department), MINVU (Chile's housing department), Chile's Engineers Association and Chile's Architects Association, where many foreign companies from North America, South America and also Europe took part on it.

Rinol Hormipul Chile was present in such trade fair with a stand, which pictures are attached, for promoting their systems and products. With a great audience, innovative machinery for the sector and many construction systems for prefabricated houses were presented, and also a big number of exterior and interior wall coatings, form work systems, many technical talks and ad-hoc demonstrations.
